Why SEARCH ENGINE OPTIMIZATION?

3 Reasons why SEO is so important for every business

If your website doesnâ??t rank for your chosen keywords, your business is invisible! While social media platforms like Facebook can help with brand awareness and community building, failing to optimize a website for relevant keywords can significantly impact a businessâ??s online presence and ability to attract potential customers. Here are our 3 top reasons you should try organic SEO support instead of a Google Ad Campaign.

Serving Dundee to Dalkeith and Dunbar to Dumbarton

01
Page one on Google Search is essential for business

92% of your customers wonâ??t go further than page one on Google (Forbes, 2018)

02
Organic results are clicked on more than Google Ads

The first five organic results receive 67.6% of clicks (Forbes, 2018)

03
Voice Search Matters: â??Hey Google..â?•

â??..How many. voice search results come from Featured Snippets?â?• The answer: About 80%
