

Reviews

Description

Google likes good reviews so it makes sense for us to gather Google reviews to show on our Google Business Place. One of the key factors of online reputation management is the impact that reviews can have on SEO. The [Local SEO Guide ranking factors study](#) was one of the first to confirm this by showing a very strong link between the volume of reviews accrued and local search positioning.

To make it easy for you to add a Google Review, please use the following link:

Review Guidelines

- we have four simple questions which you can grade from **1** to **5** and a text box to allow you to add your comments and feedback
- please only use this form if you have actually used this trader's service
- if you are unhappy with any aspect of the trader's service, please ensure you have communicated this to the trader before leaving any comments

- any negative comments will be investigated to ensure they are genuine and to see if any form of dispute resolution can assist you
- any obvious slanderous or obscene remarks will be deleted
- your feedback will be published but you may keep your name anonymous by selecting the tick box below. Your contact details will not* be published and only be used to confirm any review comments
- when complete, select the **submit your review** at the bottom of the page.
